

Child Health Promotion

- 1. If a student or staff is out of care or was sent home because of a COVID-19 test or COVID-like symptoms, please refer to [this chart](#) to determine whether their contacts need to be dismissed and quarantined.** Please note, if the person has a positive COVID-19 test **OR** new symptoms and close contact with someone with COVID-19 **OR** has a new loss of taste or smell, dismiss close contacts from care/school immediately. Please refer to pages 3-4 of [this document](#) to determine who is a close contact.
- 2. If the chart has instructed you to dismiss and quarantine the contacts, please send the following information to Boulder County Child Health Promotion at healthceccovid@bouldercounty.org. This information will be reviewed by the Child Health Promotion Epi team to determine next steps.**

Information about the person out of care or sent home. Including:

- First and last name
- Date of birth
- Phone number (and name of parent(s)/guardian if a minor)
- The date of their symptom onset (or test collection date if asymptomatic)
- Attendance record for date above and for two days prior
- Name of class/cohorts the person was in on the above dates
- Information about the children and staff that worked with or were in class with the person on the date their symptoms started (or test collection date if asymptomatic) and two days prior. Including:
 - First and last name
 - Date of birth
 - Phone number (and name of parent(s)/guardian if a minor)
 - Illness logs for the last 2 weeks
 - Attendance logs for the last two weeks

Note: Child Health Promotion and Epi team hours are Monday through Friday from 9 a.m. until 5 p.m. If you send information outside of these hours of operation, you will receive a response the following business day.
